Rotatrim was formed in 1966 with a vision to create the finest rotary trimmer ever; a philosophy and a passion that continues to this present day. Using only the finest quality materials and precision engineered components, each trimmer is hand assembled by skilled technicians to exact tolerances, to construct a precise, exceptionally reliable, ultra durable trimmer. Each machine goes through a process of stringent quality checks at manufacture and assembly to ensure you receive what you have come to expect... the world's finest rotary cutting equipment.

We want to ensure you select the correct product for your needs. Should you have any questions or require further information, please contact our Sales Team on +44 (0) 1234 22 45 45 or email: uksales@rotatrim.co.uk or visit www.rotatrim.com

TOTAL CUT
PRECISION

Technical
T SERIES

Heavy duty, large format rotary trimmer for the most demanding applications

Technical T SERIES

- ✓ Robust trimmer with extra capacity for the more challenging materials
- ✓ Self-lifting clamp mechanism enables a single user to easily position and cut large materials
- ✓ Cuts almost any material from hardboard to tissue paper without adjustment
- ✓ Overload protection feature
- ✓ Range of cutting lengths from 0.65 metres up to 2.5 metres
- ✓ Ultra hard Sheffield D2 'Tool Steel' self-sharpening, precision engineered blades
- ✓ Large single square stainless steel guide rail completely eliminates head swivel
- ✓ Aluminium baseboard, end frames, head and side rule
- ✓ Completely safe and easy-to-use by people of all ages

The Rotatrim *Technical T Series*: cuts the toughest of materials, even extremely large sizes, with absolute accuracy

Engineered for *Total Cut* Precision
